

**THE GENESIS
FOUNDATION**

Legacy Society

Make The Genesis Foundation Part of Your Legacy.

We celebrate and honor all who have included The Genesis Foundation in their estate.

Because of the generosity of people like you, The Genesis Foundation will be able to continue to provide clinical care, life enrichment, and education programs for children with complex genetic disorders. With your help, these children can reach their full potential and lead happy and productive lives.

Our gratitude to The Feingold Center for Children and The Genesis Foundation is immeasurable. Because of their assistance, we have been able to spend more time focused on loving Daniel and his younger brother Brendan. By providing and facilitating optimal care for Daniel, he has reached his true potential and our family has been transformed.

OUR LEGACY

Founded in 1982 by Dr. Murray Feingold, The Genesis Foundation for Children funds and administers services that treat families affected by a rare disease or genetic disorder from conception through adulthood. Through innovative clinical, informational, and therapeutic services, the organization is striving to accomplish its mission. Since our inception, we have provided diagnosis, care, and guidance to over 60,000 children and families around the state of Massachusetts and New England.

OUR VISION

Your charitable contributions have shaped our past and will help determine our future. With your help we can make our vision a reality for generations to come.

By becoming a member of the Legacy Society, you join a special group of individuals who have made a lasting imprint on our work. Your generosity fuels:

- EXPANSION OF THE FEINGOLD CENTER FOR CHILDREN
- THERAPY AND THE PERFORMING ARTS PROGRAM
- ASSISTIVE TECHNOLOGY
- ADAPTIVE RESIDENCES

These are just some of the ways your gift can make a difference in the lives of tens of thousands of patients and families.

"I've dedicated my career to driving patient access to healthcare innovation, particularly in the areas of genetic, genomic, and rare disease. The Genesis Foundation offers a successful approach in providing holistic care for children where easy diagnoses are often elusive. I'm proud to be supporting its mission of helping these children enjoy happy, productive lives."
